Please read this paragraph carefully before signing the declaration

It is essential that every proposal, when seeking a quotation to take out or renew any insurance, discloses to the prospective Insurers all material facts and information (including all material circumstances) which might influence the judgement of an Insurer in deciding whether to accept the risk and on what terms. The obligation to provide this information continues up until the time that there is a completed contract of insurance. Failure to do so entitles the Insurers, if they so wish, to avoid the contract of insurance from inception and so enables them to repudiate liability thereunder. If you have any doubt as to what constitutes a material fact or circumstance please do not hesitate to ask for advice.

Declaration

On behalf of the proposer/s, I/we declare that, after full enquiry, the contents of this proposal are true and that I/we have not misstated, omitted or suppressed any material fact or information. If there is any material alteration to the facts and information which I/we have provided or any new material matter arises before the completion of the contract of insurance, I/we undertake to inform the Insurer.
