# Kidnap and Ransom Insurance

## Professional Athletes

Working with brokers, underwriters at Specialty Group, a member of Tokio Marine HCC, can design a tailored program that addresses the wide range of exposures facing professional athletes, their teams and the ones who mean the most to them.

## Why Athletes are at Risk:

- Worldwide recognition of high-paid athletes immediately creates a distinguishable target.
- Many athletes are from, and have family residing in, some of the most dangerous parts of the world.
- High salaries of these athletes lead kidnapers to believe ransoms will be paid quickly.
- A highly publicized game and travel schedule creates predictability, making the athlete an easy target

---

Sports is a big business. Not unlike major industrial and financial corporations, athletic organizations must protect their most valuable assets. It is vitally important to create an environment in which the athletes can solely focus on competing at the highest level, unencumbered by concerns relating to personal safety.
