

Harassment Training Available

With the increase in federal and state laws, regulations are pushing employers to provide sexual harassment training to their employees. The U.S. Equal Employment Opportunity Commission (EEOC) has issued guidelines representing the urgency of employers providing harassment prevention training to all its employees regularly.

How can HR Pilot help?

Through HR Pilot, Tokio Marine HCC's Employment Practices Liability (EPL) Insurance makes it easier for policyholders to provide their employees with the necessary harassment prevention training. HR Pilot offers four separate sexual harassment online training programs. These programs were designed to help employers provide their employees with the training needed to understand their rights and responsibilities.

Get ahead of state requirements and provide training to your employees today.
