NetGuard® SELECT

Cyber Protection for Today's Digital Lifestyle

As your life gets more connected, you need better protection.

While the increasing usage of computers, smart phones, and media-streaming devices have enabled you to connect to a variety of essential online services, they have also increased your vulnerabilities to cyberattacks and fraud.

In the event of a cyber security incident, you need more than credit monitoring and identity theft support. You need the expertise and experience of a cyber response team to react quickly when security fails.

Introducing NetGuard® SELECT from Tokio Marine HCC - Cyber & Professional Lines Group

More than just a great insurance policy, NetGuard® SELECT provides state-of-the-art cyber security services and expertise to protect you and your family from emerging cyber threats, including:

- Cyber Extortion
- Cyber Crime
- Identity Theft Expenses and Online Fraud
- Cyber Bullying
- Personal Data Exposure and Loss

With NetGuard® SELECT, you will have essential insurance coverage to help you recover quickly from a cyber incident. Beyond the insurance, we offer a host of services and support should you have any questions or need to report a claim. Our expert claims team and network of cyber security specialists work together to restore your systems, your identity, and your confidence.

Professional. Proactive. Prevention.

As a NetGuard® SELECT policyholder, you have access to IDX's industry-leading identity protection, fraud detection, and dark web monitoring services to protect you from emerging cyber threats.

To activate your services, log onto <http://www.idx.us/tmhcc> and enter your information. IDX's privacy protection tools, which can be accessed on your home computer or mobile device, equip you with the knowledge to protect your information.

In this era of internet-connected devices, technology has made our lives easier, but we have also become more vulnerable to cyberattacks and fraud. With a NetGuard® SELECT policy, you can feel protected.

NetGuard® SELECT provides coverage for a wide range of cyber threats, including:

Breach Event Costs and Security and Privacy Liability

If you have access to the private information of others because you serve on the board of a non-profit or volunteer to coach your child's sport team, you may face unexpected financial losses if that private information is lost, stolen or exposed while in your possession. With NetGuard® SELECT, you have **breach event costs** coverage, which pays for your costs to notify affected individuals and give them breach support, such as credit monitoring, when private information you are holding or using is lost, stolen or exposed. NetGuard® SELECT also protects you with **security and privacy liability** coverage, in case you need a defense against claims made against you by those affected individuals. **Security and privacy** liability coverage also covers settlements and judgments awarded against you in privacy and security claims.

Identity Theft Expenses

Your personal identity can be stolen and used by hackers to open new lines of credit or commit health insurance fraud. If you become a victim of identity theft, NetGuard® SELECT will cover your **identity theft expenses**, including the costs to request your credit report and enroll in credit monitoring. We also cover your legal expenses if you hire an attorney to help you restore your identity and credit.

In addition, our partner, IDX, will provide you with the care and assistance you need if/when your identity is stolen. Once you become a policyholder, you will have access to all of the identity theft tools and resources that IDX has to offer. Log onto www.idx.us/tmhcc to activate your services.

Data Recovery Costs

If data stored on a computer or smart device in your home is damaged or stolen due to a system failure, NetGuard® SELECT will cover your costs to replace, recreate or restore that data.

Cyber Extortion and Cyber Crime

Ransomware and cyber crime attacks are on the rise. If you or a member of your household clicks on the wrong link, inadvertently navigates infected web pages, or is tricked into opening infected files by malicious text messages or emails, you may become the victim of ransomware. Ransomware is a type of **cyber extortion event** where a hacker locks up your system or files and demands a ransom payment to regain access. If this happens to you, NetGuard® SELECT will cover the ransom amount and the cost of hiring an IT expert to help you through the crisis. Criminals can also steal your money through a variety of cyber crime schemes, such as stealing your passwords or personal credentials to take money directly from your bank account or to submit fraudulent wire transfer requests to your bank. You can also become a victim of phishing scams, where criminals use malicious emails, text messages or telephone calls to trick you into sharing your passwords or sending money. If you lose money due to any of these scams and you are not able to recover it from your credit card company or bank, NetGuard® SELECT will cover the loss.

Cyber Bullying

If you or a member of your household is a victim of cyber bullying, NetGuard® SELECT will cover your therapy fees, childcare or caregiver expenses, temporary relocation expenses, and the cost of hiring an IT expert to remove humiliating or harmful online content. If the victim of cyber bullying is a minor who is unable to attend school, NetGuard® SELECT also covers temporary private tutoring expenses, unreimbursed tuition or the increase in tuition to relocate the minor to another school.

POLICYHOLDER DISCLOSURE NOTICE OF TERRORISM INSURANCE COVERAGE

Coverage for acts of terrorism is already included in your policy (including any quotation for insurance) to which this notice applies. You are hereby notified that under the Terrorism Risk Insurance Act, as amended in 2015, the definition of act of terrorism has changed. As defined in Section 102(1) of the Act: The term "act of terrorism" means any act that is certified by the Secretary of the Treasury – in consultation with the Secretary of Homeland Security, and the Attorney General of the United States – to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

Under your coverage, any losses resulting from certified acts of terrorism may be partially reimbursed by the United States Government under a formula established by the Terrorism Risk Insurance Act, as amended. **HOWEVER, YOUR POLICY MAY CONTAIN OTHER EXCLUSIONS WHICH MIGHT AFFECT YOUR COVERAGE, INCLUDING BUT NOT LIMITED TO, AN EXCLUSION FOR NUCLEAR EVENTS. PLEASE READ IT CAREFULLY.** Under the formula, the United States Government generally reimburses 85% through 2015; 84% beginning on January 1, 2016; 83% beginning on January 1, 2017; 82% beginning on January 1, 2018; 81% beginning on January 1, 2019 and 80% beginning on January 1, 2020 of covered terrorism losses exceeding the statutorily established deductible paid by the insurance company providing the coverage. The Terrorism Risk Insurance Act, as amended, contains a USD100 billion cap that limits U.S. Government reimbursement as well as insurers' liability for losses resulting from certified acts of terrorism when the amount of such losses exceeds USD100 billion in any one calendar year. If the aggregate insured losses for all insurers exceed USD100 billion, your coverage may be reduced.

The portion of your annual premium that is attributable to coverage for certified acts of terrorism as defined in the Terrorism Risk Insurance Act, as amended in 2015, is **1%**. This amount does not include any charges for the portion of loss covered by the Federal Government under the Act.

I ACKNOWLEDGE THAT I HAVE BEEN NOTIFIED THAT UNDER THE TERRORISM RISK INSURANCE ACT, AS AMENDED IN 2015, ANY LOSSES CAUSED BY CERTIFIED ACTS OF TERRORISM UNDER MY POLICY MAY BE PARTIALLY REIMBURSED BY THE UNITED STATES GOVERNMENT AND ARE SUBJECT TO A USD100 BILLION CAP THAT MAY REDUCE MY COVERAGE, AND I HAVE BEEN NOTIFIED OF THE PORTION OF MY PREMIUM ATTRIBUTABLE TO SUCH COVERAGE.
