## Miscellaneous E&O for Medical Billers

### Claims Scenario

An insured entity provides medical billing services to a radiology association client for setting up & processing medical claims to a national health insurer. The insured inadvertently submitted the clients' claims to the wrong insurance carrier, resulting in a loss of revenue to the client. The client filed suit against the insured seeking to recover damages. The insured's **Miscellaneous E&O Medical Billers policy** responded, covering defense costs in connection with the litigation and ultimately settling the claim on behalf of the insured.

Miscellaneous E&O for Medical Billers is a uniquely designed professional liability insurance for medical billers, coders and healthcare revenue cycle management professionals.
