

Tenant User Liability Insurance Policies (TULIP)

Every time a venue or facility is rented out, there is an exposure for liability incidents. Tokio Marine HCC's Tenant User Liability Insurance Policy (TULIP) is designed for venues and facility owners that rent out their space for events. These policies are a simple solution to ensure the venue or facility is protected, while also providing an easy and efficient solution for the event organizer to obtain the coverage that is being required of them.

About Specialty Group

Specialty Group, a member of Tokio Marine HCC, is the leading provider of specialized insurance products for the sports and entertainment industries. We provide an unmatched portfolio of products including, but not limited to, event cancellation, high limit disability, kidnap and ransom, weather, travel and event liability. We cover major sports and entertainment events, professional athletes and entertainers and other unique assets.

Summary of Coverage

The Tenant User Liability Insurance Policy (TULIP) provides a simple solution for venues, municipalities and/or facility owners to set up annual policies covering third-party liability for their lessees holding events. The coverage provides the proper insurance for the lessee based on the venue or facility's requirements and therefore holds the venue / facility harmless should an incident occur that is caused by the event organizer's negligence. Slip and fall incidents, property damage and liquor related incidents are just a few of the potential risks associated with holding events. To limit the exposures, it is necessary for the venue or facility owner to make sure the tenant /lessees have their own insurance for their events. The fully automated, online system provides the venue / facility the ability to allow their tenants / lessees to visit their portal and obtain the required coverage for that particular event. The portal is also a risk management tool, so if the tenant /lessee already has the required coverage, they have the ability to upload proof of coverage online.

Highlights

- Fully automated online portal
- Customizable web link tailored for venue's website
