

Stop Loss Group Wildfire Response

The devastating wildfires in Southern California have led to expanded evacuation orders and continue to impact standard business practices. We want to assure you that the team at Tokio Marine HCC – Stop Loss Group (TMHCC) is here to support you during these challenging times. For over 50 years, TMHCC has been committed to serving you, and we remain dedicated to staying flexible and adapting to state-issued bulletins and orders as they become available. These bulletins and orders often include grace period extensions for premiums and claim filing deadline extensions, among other accommodations. Rest assured, TMHCC will continue to be accommodating to our affected clients throughout this crisis.

Communication is key during these times, so please do not hesitate to reach out to your Sales Representative, Customer Care Representative (CCR), or Underwriter with any questions or concerns. We are here to assist you and help you navigate through this period of uncertainty. Your safety is our top priority, and we appreciate your continued trust in our services.

Stay safe and as always, we appreciate your business.
