

Energy

Tokio Marine HCC has a specialist and experienced team of underwriters based in London, at the centre of the energy insurance market, providing a first class and efficient service to worldwide clients and brokers. We are an acknowledged leader in this class of business and our team has over 100 years of combined experience.

We offer integrated products covering the complex requirements of clients in the energy supply chain and bespoke risk solutions to the oil and gas industry.

We pride ourselves on our strong relationships and tailor made solutions to complex risks both large and small. Classes covered range from upstream exploration and production, through offshore construction, to midstream storage and transmission as well as downstream refining and petrochemical production.

Coverage offered includes physical damage, business interruption, control of well and third party liability.

We are a highly respected and well-established leader in the London Market, and offer the security of excellent ratings and superior financial strength, making us the carrier of choice to our sophisticated client base.
