## Healthcare Professions Clause - Animals

It is warranted that:

- (i) hypodermic needles shall be used once only;
- (ii) any other instrument having need to contact or penetrate tissue shall be either:-
  - a. used once only or
  - b. sterilised using a recognised disinfection process;
- (iii) any surface which has received spillage of human or animal or body fluid or has been contacted by human or animal tissue shall be disinfected using a recognised disinfection process;
- (iv) the **Insured** shall ensure that all clinical waste is disposed of by an appropriately qualified waste disposal contractor;

As a condition precedent to their right to be indemnified under Section 1 of this Policy the **Insured** shall:

1. maintain accurate descriptive records of all professional services and equipment used in procedures which shall be available for inspection and use by **Insurers** or their duly appointed representatives insofar as they pertain to any Claim hereunder, and
2. retain the records referred to in 1. above for a period of at least ten years from the date of treatment.

Exclusion 6 to Section 1 shall not apply to any claim arising from the supply of any medicinal products by the **Insured** in the course of any animal treatment.

All other terms and conditions of this Policy remain unaltered.
